ROKNAR MARYLAND-STYLE RYE WHISKEY

Story: Roknar \ROCK-neɹ\ is a single estate rye whiskey born of grain grown and harvested by head distiller Michael Swanson on his family's century old farm. Our special release Maryland-Style is an homage to an era when American Whiskey was defined by regional styles of rye. The recipe is based upon George Washington's original mash bill from his distillery at Mount Vernon. Maryland-style rye was known as the "American Gentleman's Whiskey" for its softer, sweeter flavor profile from the additional corn.
