

FÅR NORTH SPIRITS

SV • HAZLET SINGLE VARIETAL STRAIGHT RYE WHISKEY

Story: Far North Spirits is pushing back on monoculture, growing unique, open pollinated rye grain varieties on our century-old family farm. These rye varieties are selected and farmed specifically for their flavor when distilled, a radical approach that is virtually unheard of in the industry.

Our flagship variety, Mike originally seeded AC Hazlet for its agronomic properties. It wasn't until the whiskeys came of age a few years later that its true character was revealed: Hazlet has a rich vanilla note, with less of the pepper and spice notes commonly found in rye whiskey. That characteristic vanilla is backed up by almondy nuttiness and dried fruit notes.

Base Ingredients: 95% Hazlet Rye, 5% Malted Hazlet Rye (by Vertical Malt in Crookston MN)

Processing: Hammer milled and mashed on site.

Fermentation: Open top fermented with house selected yeast for 4-5 days.

Still: Fritz; 500G Hybrid Pot Still by Vendome Copperworks.

Distillation: Double distilled to 150 proof.

Maturation: Aged for 3½ years in new 23G oak barrels from Black Swan in Park Rapids, MN. Barrel entry proof: 118.

Filtration: Lightly filtered to remove barrel sediment. Non-chillfiltered.

Availability: Special Release, Extremely Limited

94 PROOF | 6 X 750ML
